QFI North Dayton visited the Montgomery County Fair

We are always on the go at QFI North Dayton. Outings are the most popular days. This past month we visited the Montgomery County Fair. The best part was seeing the farm animals. They were so friendly and loved the attention.

We also had staff appreciation day. We all shared pizza that was purchased by QFI and we talked about how great the staff are here at QFI.

Next month we are going to start working on crafts that we can sell at different events. We are going to sell some items on the new e-commerce website so we can start earning money while we are having fun during the day. You will see pictures next month of our work.

We still have room for more people to join us

during the day. Call Jennifer and you can come for a free day and see how much fun we are having.

QFI Lakeview says “Let fall begin....”

QFI Lakeview is excited for fall to start!! In the month of October, we will be jumping into fall with both feet! We'll be going to see some new movies in theaters, shopping for pumpkins, enjoying the Worthington Recreation Center indoor swimming pool and getting a tour of the Columbus Statehouse. QFI will also be attending a lot of fall outings outside such

as the Circleville Pumpkin Show and a tour of Slate Run Farm. We'll finish out the month by having a fall party at Lakeview that will be full of surprises!!

QFI East News

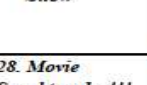

This September, we introduced an Incentive Program! This is how it works. Everyday each participant shows up, they get to hang their name/face onto the tree. Each day is worth 25 cents! They can choose to either save them, or use them weekly or monthly for prizes.

QFI East and Lakeview got together on September 18th, 2009 for a Fun Softball Game! Everyone who participated in the game received a shirt with their names and favorite number! They were really excited!

Participants enjoy community outings at QFI Northcliff!

Participants at QFI love going on outings in the community. Each participant gets the opportunity to access the community at least once a week. Outings can be something simple as going to the park, having a picnic, shopping for cooking class, or even something more elaborate like going to Cedar Point, the Science Center, or touring Cleveland Brown's stadium. Each participant helps contribute to the outing schedule and uses time in computer class and current events to look for places to visit, research special events, and moni-

tor items like directions and the weather report. Outings compliment the recreational and learning activities that take place at QFI. Participants can mirror the activities that take place in exercise class, by going to the local recreation center or see artwork displayed from local activities centers at Heartworks in the Cleveland Galleria. Whether it is singing along with a music therapist or attending a local music event, participants can be sure they are going to have fun hanging out with their friends at Quest for Independence.

The park is one of Alex's favorite places to go.

Melvin enjoys going on trips in the community.

QFI Painesville want to remember the days of summer

Remembering the days of summer? Hard to believe but it was just two months ago we were still picnicing at the beach. QFI Painesville wanted to share these pictures with you and remember it is only 7 months away from happening again.

Our arts and craft team is creating new and exciting items for the upcoming gift giving season. They are making their fleece blankets again this year and some new items we will be revealing soon.
